Remember when I found a broken branch  
And shoved it through your bicycle spokes  
And how remorse quickly took its stand  
When you hit the deck and broke your nose

You were always the emo type  
Strained hair matched to a bitter tone  
Well I don't care much for fashion or socialites  
The nihilists always get my vote

All she ever wanted was a little direction  
All she ever needed was a friend  
All she ever made were the worst impressions  
All she ever did was offend  
You're the only one to fail my sex drive  
Will you or won't you?  
Valentine, Valentine  
Valentine, Valentine

Remember when you laid me on my back  
And performed to me my favourite song  
And how I shivered upon its climax  
And those lips still plague my thoughts ten years on

You were always the emo type  
Strained hair matched to a bitter tone  
Well I don't care much for fashion or socialites  
The nihilists always get my vote

All she ever wanted was a little direction  
All she ever needed was a friend  
All she ever made were the worst impressions  
All she ever did was offend  
You're the only one to fail my sex drive  
Will you or won't you?  
Valentine, Valentine  
Valentine, Valentine  
Valentine, Valentine  
Valentine, Valentine

All she ever wanted was a little direction

Far away from this broken scene  
And all I ever needed was some domination  
From a girl with low self-esteem  
I think we share the same blood type,  
Will you or won't you, Valentine?
