"Fall Too Fast"

I have been to close
To that flame of desire
I have spoken too soon
Words full of fire full of fire

I have fallen too fast
From the top of the tree
Bruised by every branch
Never landing on my feet on my feet

Like a fool I'm willing
To take that fall again
Don't let me fall too fast
I want to fall slowly
I want my fall to last
I want my fall to last

I have drawn too much
From that fountain of tears
And I drowned many times
I was warned but didn't hear didn't hear

I have spoke too much
From a pipe made of bones
I will hide for awhile
Then will tumble like a stone
Like a stone

Like a fool I'm willing
To take that fall again
Don't let me fall too fast
I want to fall slowly
I want my fall to last
I want my fall to last
I want my fall to last

Now I'm flying too high
With these wings made of wax
And I'm bound for the plane
But I wont turn back wont turn back

Don't let me fall too fast

I want to fall slowly
I want to fall slowly
I want to fall slowly
