One, two, three, four  
(Love, love, love, love)

You, you were on a moon, moonbeam  
Me, I was on a star  
Gee, everything was blue, blue-green  
Because everything was far

Me, I was in a mo-movie  
You, you were in a song  
Gee, everything was groo-groovy  
We, everything was wrong

And no matter where you are  
I can always see that far  
You were on a moonbeam of love  
A pretty little moonbeam  
It's you I'm thinking of

Hey! I was only trying to say  
You're a million miles away  
I can feel you dancin' anyway

You, you were on a moonbeam  
And me I was in a cloud  
And everything was Lou Reed  
And everything was loud

No matter where you were  
Well, I could always see that far  
You were on a moonbeam of love  
A pretty little moonbeam  
Moonbeam of love

A pretty little moonbeam  
Shining from above  
A pretty little moonbeam  
It's you I'm thinking of

A pretty little moonbeam  
Do you dream of love?
