Mother's opinion is that we're too young to be old  
And mother's opinion is we should never do what we  
are told  
And mothers reactions are the same as they were  
before  
And mothers anterior she gave us all of this and much  
more  
And mothers superior, she's been through all this  
before  
She's got a lot of things she wants to tell you  
Like who you are and what you've come here for  
Mothers reaction hasn't changed much since the war  
And mothers opinion is the same as it was before  
And mothers anterior she's got a lot of tricks up her  
sleeve  
And mothers superior, gave us everything that we  
need  
And mother superior, she's been through all this before  
She's got a lot of things she wants to tell you  
Like who you are and what you've come here for  
I say hey, it sounds familiar, but it just doesn't sound  
the same  
I say hey, it sounds familiar, but just a million miles  
away, hey, hey, hey  
And mothers reactions are the same as they were  
before  
And mothers anterior she gave us all of this and much  
more  
I say hey, it sounds familiar, but it just doesn't sound  
the same  
I say hey, it sounds familiar, just a million miles away,  
hey, hey, hey  
It sounds familiar, but it doesn't sound the same  
It sounds familiar, just a million miles away, away!  
It sounds familiar, but it doesn't sound the same  
It sounds familiar, just a million miles away  
It sounds familiar, but it doesn't sound the same  
It sounds familiar, just a million miles away  
It sounds familiar, but it doesn't sound the same  
It sounds familiar, just a million miles away  
It sounds familiar, but it doesn't sound the same  
It sounds familiar, just a million miles away, away
