Screwed up eyes in your screwed up head
I bet you don't know what I just said
Your so Screwed Up- Everybody knows your so
Screwed Up
Screwed up in the road and your Screwed Up in the
street
You think my eyes are painted on you think I can't see
Your so Screwed Up- Everybody knows your so
Screwed Up

Is what I'm seeing really real
Or just reflections of the way I feel
Your so Screwed Up- Don't you know I feel so Screwed
up
Can this really be happening to me
Turn out the light I don't wanna see you screwed Up

Screwed up girl from your head to your feet
Your so screwed up you screwed up everyone you meet
Your so Screwed Up- Oh you make me blow my fuse
Your so Screwed Up- I get used to abuse

Is what I'm seeing really real
Or just reflections of the way I feel
Your so Screwed Up- Don't you know I feel so Screwed
up
Can this really be happening to me
Turn out the light I don't wanna see you screwed Up

Screwed up crowds come and you don't know who's
who
Your so screwed up you don't know who your trying to
pull
Your so screwed up, ain't got a hope in hell your so
screwed up
Screwed up lost in your screwed up head
They stab you in the back while wishing you well
Your so screwed up ain't no fun your so screwed up
Screwed up everyone
