She wakes up in the morning and the newspaper reads
four lives
On the television bad news no surprise
And every little thing they say; is said to make her feel
okay
And somehow she feels better, but she don't know why

She's the girl with the silicon eyes
The girl with the silicon eyes
She's the girl with the silicon eyes
The girl with the silicon eyes

She goes outside and the whole world's spinning round
Good thing she's got her both feet underground
And every little step she takes; she knows her mother's
back could break
If everyone knows that crack kills so should I

I'm the girl with the silicon eyes
The girl with the silicon eyes
She's the girl with the silicon eyes
The girl with the silicon eyes

I am the girl
The girl with the silicon...
I am the girl
The girl with the silicon...
I am the girl
The girl with the silicon...
(eye, eye, eye, eye, eyes)

Parlez-vous fran?ais?
Parlez-vous fran?ais?
Parlez-vous fran?ais?
She's got silicon eyes that girl

The girl with the silicon eyes
I am the girl
The girl with the silicon eyes
I am the girl
She's the girl with the silicon eyes

I am the girl
The girl with the silicon eyes
I am the girl
The girl with the silicon eyes
