Did you think you'd find what's left of me in another
life?

You've had your chance but you're going to hell.

Did you ever listen to the lies that you told me?

It was meant for you, not me!

All this time you've stolen from me

Now your blood will be washed away.

Now your end is my escape.

My life was yours to take.

I can't feel anything but hate

I wish you could be erased.

You're all that's fake!

I can't feel anything but hate,

You're all that's fake!

I wish you could just be erased.

You're all that's fake!

There won't be peace for those who betray

Forever, eternal

You will all pay.

There won't be peace for those who betray,

I am the reaper

Today is my day.

You've ruined my life.

You've ruined my mind.

Close your mouth, your sins are spilling out.

Close your...

Your sins are spilling out.

Wipe off your grin, you make me fucking sick.

Wipe off your grin, you make me fucking sick.

There won't be peace for those who betray,

Forever, eternal

You will all pay.

There won't be peace for those who betray,

I am the reaper

Today is my day.

There won't be peace for those who betray,
Forever, eternal
You will all pay.
There won't be peace for those who betray,
I am the reaper
Today is my...

You're going to hell!

Did you ever listen to the lies that you told me?
It was meant for you, not me.
