Behind these walls  
I'm frozen in stone  
I'm gonna try to warm up to the fact I'm not perfect  
My walls are up  
You're not getting them down  
I'm want to try to turn this world around

I never said that this would be the easiest thing that I  
had to do  
But every mistake that I made I never made because of  
you

You, you know that everything's not for you  
And you don't have to give up  
You're the one who's got to grow on yourself  
So put off all your doubts and your reservations on the  
shelf

If I'm gonna try to impact on your lives  
I have to try to find what's wrong afn fix  
To the worsts days of my life  
If I could burn it from inside  
And live the best that I can  
Live the best that I can

I never said that this would be the easiest thing that I  
had to do  
But every mistake that I made I never made because of  
you

You, you know that everything's not for you  
And you don't have to give up  
You're the one who's got to grow on yourself  
So put off all your doubts and your reservations on the  
shelf

I can't stand myself when I make mistakes  
So cold inside I'm about to bre eak eak  
I can't live the life that you want me to live  
I'm gonna break out of my shell  
I'm gonna break free
