My whole life is tearing at the seams, I try to do
something but I can't.
Your actions silence what I think and what I say.
Close my eyes and wish for a better place.
The walls are closing in,
Your thoughts have sealed my fate to the point of no
return,
Punished for one mistake.
Here I am accompanied by loneliness and regret,
laughter turned to tears.
It's too late now.
You told me that things were going to be better,
And like the fool I am I believed you.
My feelings are strong, I can't put them in words,
I try but I can't, you never listen and I'm sick of it.
So I'm faced with a choice.
Should I stay or turn around?
I hope I don't make the same mistake as last time...
