What lies ahead is hit or miss  
Carefully planned out every step  
Why can't we leave?  
Why can't we leave it be?  
The things you hold may be down the road  
We can learn to break the mold  
We live disaster  
My heart beats faster for you

We fell in love  
You're all I'm dreaming of  
I've fighting and I am losing sleep

Well we severed the lies that were sold into your heart  
And made it beautiful  
We severed the lies that they sold into your heart  
We make it beautiful

The price we pay  
We hate we make  
The routines that we live are short break free of  
tradition  
So stop and listen  
Make the call of who's at fault  
Discover the truth that tells it's all  
We lost our passion  
We thought it lasted for years

We fell in love  
You're all I'm dreaming of  
I've fighting and I am losing sleep

Well we severed the lies that we sold into your heart  
And made it beautiful  
We severed the lies that they sold into your heart  
We make it beautiful

We fell in love  
You're all I'm dreaming of  
I've fighting and I am losing sleep

Well we severed the lies that we sold into your heart

And made it beautiful  
We severed the lies that they sold into your heart  
We make it beautiful

Don't sell yourself short  
Don't write yourself off  
There's more than your magazines  
So beautiful but so wrong  
We severed  
You're so beautiful
