I've bits of you
And all my troubles go away
But the thought of the sun set with you, and through
the day

Chorus *

I just wanna hold you underneath the twilight
With stars all by your brown eyes tonight
And they know I never have all the words to say
I'm never looking back on the past, only what's today

Chorus *

And It's so hard to think that you're gone
I will keep on asking myself who was strong

Chorus (x2) *

(Fade out) Chorus *

* Chorus:

* And we won't let the good times fade away

* And we won't ever look back on yesterday
