I'm not a hopeless romantic.  
I'm just romantic yeah I'm very hopeless.  
I'm not a liar. And If I never see you again  
And If I never find you again, in this world  
I'll remember what we both said.  
I remember what you said to me.  
You said

I'll wait around, for you to come around.  
A million hours back west.  
I'll wait around, for you to come around.

Wake me when I'm dreaming of you  
Cuz it's pointless to sleep all alone in my room.  
It's cold here in Jersey and you barely know me.  
And my heart wants to leave, so get up.  
Get up and go.  
Break me when I'm dreaming of you  
Because I'm better off broken left alone in my room.  
It's cold here in jersey and you should come join me  
and  
My heart wants to leave. My heart can't move my heet.

Friday is the night I got out and think of why I'm alone.  
You're on the other coast, you on the other coast  
Four hours till work in the morning  
And we're just getting started baby.

Wake me when I'm dreaming of you  
Cuz it's pointless To sleep all alone in my room.  
It's cold here in Jersey. You should come join me.  
My heart wants to leave  
So get up, Get up and go.  
Break me when I'm dreaming of you  
Because I'm better off broken left alone in my room.  
It's cold here in jersey and you should come join me  
And my heart wants to leave. My heart can't move my  
feet.

I can't stop.  
Thinking about those lonely roads that Keep you away  
from me.

I can't stop  
Help but wonder what's next for this.  
And our first kiss.  
Because I'm weak without your here

Wake me when I'm dreaming of you  
Cuz it's pointless To sleep all alone in my room.  
It's cold here in Jersey. You should come join me.  
My heart wants to leave  
So get up, Get up and go.  
Break me when I'm dreaming of you  
Because I'm better off broken left alone in my room.  
It's cold here in jersey and you should come join me  
And my heart wants to leave. My heart can't move my  
feet
