Hit Em
Hit Em

No Limit we got that shit you need
Shit you can bump in your trunk
Got all your bitches fiendin
And makin niggas say ughh
Gipper get on the floor
We come to give you some mo
Cuz it's my time to shine
Me and my niggas came just to hit em

[Mercedes]
Me just shinin lately, Mercedes
And the No Limit calvary
Causin econimcal tragedy
Just to cash a fuckin salary
These niggas askin me
Got these bitches mad at me tryin to tackle me
For I'm leaving causalities, leaving the Master P factory
Now who else wanna battle me?
We lock this bitch naturally
Rock, get fashionably
?? the reality
That I play the Mercedes Benz
Cromed out from the front to rear end
Sittin on 20" rims, watchin televisions with DVD systems
Skip the curb when I spin the Benz
It's all gravy
Mercedes a No Limit lady Ms. Fuckin when I seein shit
If you ain't payin straight bangin
If the deals lookin flaky, I'll love this 380 bitch
So don't try to play me
Guess what?
I hit ya

No Limit we got that shit you need
Shit you can bump in your trunk
Got all your bitches fiendin
And makin niggas say ughh
Gipper get on the floor

We come to give you some mo
Cuz it's my time to shine
Me and my niggas came just to hit em

[A-Lexus]

Is it our lips and eyes
We got you fiendin for us creamin in between our
thighs
Is it our niggas or the tanks we roll
Grips we hold
We pullin off a lot in double shows
We get you coming steady for more
Makin you niggas say yo fuck these hoes I need a
Benzo, a Lexo
We sexo
We drinkin exo, the besto
Ain't no comparin us
We don't to bus
Y'all bitches wanna ride with us
Get wild wit us
Makin niggas wanna touch
Got it locked up
From the east to the west coast
I'm gold
I hit you

No Limit we got that shit you need
Shit you can bump in your trunk
Got all your bitches fiendin
And makin niggas say ughh
Gipper get on the floor
We come to give you some mo
Cuz it's my time to shine
Me and my niggas came just to hit em
No Limit we got that shit you need
Shit you can bump in your trunk
Got all your bitches fiendin
And makin niggas say ughh
Gipper get on the floor
We come to give you some mo
Cuz it's my time to shine
Me and my niggas came just to hit em

[Mia X]

Disputed, lyrical heavy weight
Mama 4 stores intimidatate em every 16 bars
Mia X major general in this No Limit Army
Barrest bitch on your block
I push the whips you ain't got
Rock the shit on my fingers that sank the Titanic
I'm leaving em frantick

Cuz when if I spit it I did it that's why y'all panic
Hit it, never that niggas can't promise em shit
Pick up lines is fo pigeons
First fact I'm rich
I drop hits from the dick that's un-stopable
Buy me a drink, nah I'll send you a bottle
Flip you and drop you
Watch you
Tryin to do it like me but that's impossible
Make you stand like the streets
Gonna get it hostile
Colossal bitch
Mama drama givin bird to my daughters
And mother fuckers know it gets no harder
When we hit em

Hit em
Hit em

No Limit we got that shit you need
Shit you can bump in your trunk
Got all your bitches fiendin
And makin niggas say ughh
Gipper get on the floor
We come to give you some mo
Cuz it's my time to shine
Me and my niggas came just to hit em
No Limit we got that shit you need
Shit you can bump in your trunk
Got all your bitches fiendin
And makin niggas say ughh
Gipper get on the floor
We come to give you some mo
Cuz it's my time to shine
Me and my niggas came just to hit em
No Limit we got that shit you need
Shit you can bump in your trunk
Got all your bitches fiendin
And makin niggas say ughh
Gipper get on the floor
We come to give you some mo
Cuz it's my time to shine
Me and my niggas came just to hit em
