I'm falling forever into all of your lies
Silenced by the sight of you
No one can hear my cries
I'm floating forever
Down this one way street
We were caught in a fierce battle
But I was fairly beat

My life
Shaken and fell to pieces
Put it back together
like I know you will
Show me that there's no reason to cry

At times you're my everything
At others I can't stand your face
When you're saying all kinds of things
I cannot ignore your words
But now I can see it all
Like the blue in our sky
It's clear to me
You're my everything, baby

All I had ever wanted
was to be your one and only
But now I know
That couldn't happen
I'd give you my hand
When you have fallen
but seeing you with her
Was more than I could bear

My life
Shaken and fell to pieces
put it back together
like I know you will
Show me that there's no reason to cry

At times you're my everything
At others I can't stand your face
When you're saying all kinds of things
I cannot ignore your words

But now I can see it all
Like the blue in our sky
It's clear to me
You're my everything, ooohhh yeah eh yeah

I fought to be your everything
All I wanted was your love
Not too much to ask
You lied right to my face
But you don't even care

At times you're my everything
At others I can't stand your face
When you're saying all kinds of things
I cannot ignore your words
But now I can see it all
Like the blue in our sky
It's clear to me
You're my everything, baby
It's clear to me
You're my everything, baby
You're my everything.
