You can hide around the corner  
Sleepin with your spies  
Think your better going?  
Keep ya toes on the line with style

Huuuhu

You can sleep with one eye open  
Secret from afar  
I hear you got some new clothes  
I even hear you got a new car

Huuuhu

Well you can keep our life  
And get far far back  
Cos you're waiting for the moment  
To strike you back  
Sit around now out off my head  
Oh it's all about the pictures  
And you took revenge

Always right behind you (x4)

I heard you turned to music  
Got a new set of friends  
A new kind of business  
You've even got money to spend

Huuuhu

Well it ain't about the money  
It's all your bum lies  
It's all about the fact  
That you're leaving me high and dry

Aahaaa

Well you can keep our love  
And get far far back  
Cos you're waiting for the moment

To strike you back  
Sit around a bottle  
And out my head  
Oh it's all about the pictures  
And you took revenge

Always right behind you (x4)

Always right behind you (x4)

Always right behind you (x8)
