[Verse 1:]

From Venus to Mars
Girl you're standing right here
Sometimes it feels we're worlds apart
What am I to do
I'll always take the blame
I'm the first to change
I thought that's what good girls do

[Hook:]

If every boy was a girl for a day
Then you would understand
What it's like to be me

[Chorus:]

If only you could think through the eyes of a girl [x2]
To tell you the truth
You couldn't handle the truth
If I think of things
That you would do
I don't really think
You would like the view

Through the eyes of a girl

[Verse 2:]

It's your point of view
You only see what's there
To what a woman really needs
Open up before it's too late
If I'm the love of your life
With that able to beside
All I ask for is equality

[Hook]

[Chorus]

[Verse 3:]

Could you walk a mile in my shoes?
Are you strong enough to endure?

If you struggle closing doors
Pain goes unnoticed
The flock doesn't notice you
Hey boy you need a change of view

[Chorus]
