The stars... eh eh

Fix me do me like a cup
Turn me up turn me down baby boy don't stop
Ooh that sip on my... turn me up till I drop
Keep going till I pop ooh
Put your hips on my... and let me roll it
Put your lips on my... ooh
Turn the night into a morning
Yeah you know I need it, yeah you know I want it
Take me home your mamy introduce me to your daddy
Baby I'ma make you happy oh
Ooh get your... I got you loving it like mcdonalds
Ooh get your... sleep thing but before we leave shouts
out to the dj

Chorus:

Let's go, let's go, ooh
Up and down get on the floor
Round and... like...
I pop that thing boy I'm out of control
Let's go, let's go ooh
Left and right and bring it back
I got a couple of curry don't know how to act
Before I take you home I gotta view it on the dance
floor...
Ooh, boy before I take you home I gotta view it on the
dance floor
Ooh, let's go before take you home I gotta view it on
the dance floor
Ooh, before I take you home I gotta view it on the
dance floor
Let's go before I take you home I gotta view it on the
dance floor
