Crying

Oh yea . Official

Mhmm girl you

You have done

Something to me I cant just lose

You got me handcuffed to your heart

And its true

I feel nothing unless i'm by you

Girlllll girll

Something in my stomach starts to flicker when you are around

Something in my soul stars jumping whenever you come around

And I will never ever never ever never ever let you down no no

And I will never ever never ever never ever dissatisfy you i'll only stand by you

So girl i'm putting these words in you and hopefully when I wake up in the morning i've got faith that you'll be right there

Cuss all the ones before told you they loved you; but i'm telling you I really fucking love you girl And all the ones before have told you you're beautiful but I really think you're fucking beautiful girl And all the ones before said that they would take care of you but I really wanna take care of you girl House, car, girl whatever Just put me and you together Want this so bad I don't know why but i'm sure if you don't have me

cry i'll cry Baby can you please listen to me?
I may not have the perfect life or big blue eyes
But what I got is deeper than the sea
Yeaaaa
But what I'm willing to give you

A million men in the world wouldn't give you ; if they had it to give for free

Are you listening to me? (Are you listening to me?) I can't lie

You know you can have any man in the world I can't lie

You would really be doing me justice to be my girl But don't get it twisted

i'm a man in my own words

In time; you will find out that I'm exactly what you deserve

I'm pretty sure that
I could see the water flowing down my face like a river
I'm pretty sure that
Everytime I think about it I just start to shiver
i'm pretty sure that
I will die on the stake if you don't take me girl
i'm pretty sure that, i'm pretty sure that
Baby please have me in your world
Daa daa daaa
