Through the sheets, she climbs her way up to this bed
singing melodies

Run my fingers in her hair and say come to me

First there is a no then she says yes baby

She's the dream of a billion men, go girl, go girl

See she made her way from nothing

Can't fault her for wanting something

She loves men that can afford, yeah

She wants to live fancy

Trips to Monaco, designer names from head to toe

Live fancy

On planes that fly clear across the roaming skies

Live fancy

Brilliant cars, spend evenings among the stars

Live fancy

Diamond rings, ooh, ooh, ooh, all those things

Live fancy, live fancy, live fancy, live fancy

She spends her time aboard yachts if not somewhere
tasting wine

In Paris seducing me while we dine

She's only twenty three but ahead of her time

She's the dream of a billion men, go girl

See she made her way from nothing

Can't fault her for wanting something

She loves men that can afford, yeah

She wants to live fancy

Trips to Monaco, designer names from head to toe

Live fancy

On planes that fly clear across the roaming skies

Live fancy

Brilliant cars, spend evenings among the stars

Live fancy

Diamond rings, ooh, ooh, ooh, all those things

Live fancy, live fancy, live fancy, live fancy

'Cause of me all she do is walk around in Italian shoes
She's probably a girl you used to know
I can see her beauty with both eyes closed
But you didn't notice she fell in love with what she
noticed
That I'm fancy

Trips to Monaco, designer names from head to toe
I'm fancy
On planes that fly clear across the roaming skies
I'm fancy

Brilliant cars, spend evenings among the stars
I'm fancy
Diamond rings, ooh, ooh, ooh, all those things
I live fancy, live fancy, live fancy, live fancy
Live fancy, live fancy, live fancy, live fancy

You can be from the hood but I know you wanna live
Fancy
East Side, West Side, South Side but you wanna live
Fancy

She's wit me 'cause she wanna live
Fancy
I'm with her 'cause she's beautiful
And deserving oh yeah, she's deserving oh yeah

She all on me 'cause all I do is ride around the Bentley
coupe
Got no need she got me buying her them Fendi shoes
All we do is shop until we drop right there in the floor
And all we do is make love in foreign places 'til we cant
no more

They say you can't buy love, man they lying
If Christian Lacroix brings a smile I'll buy it
If she wanna make love on the edge of the world I'll buy
it
Have anything she want 'cause she my girl, say it
shawty, got it

I'm flier than flyin' in G4 jets
Or first class, coach class no disrespect
At my New York apartment, JFK
In the helicopter 'cause the pilot's goin' my way

I'm worldly swerving in Bentley whips
Don't even have to watch how I spend my chips
Dollars to euros, I'm every nigga's hero
'Cause even when I used to rock polo I was fancy
