here's a little somethin' about my ex's, she thought she
was a super freak
she thought the sex was incredible..until she met me
i've done around the clock, twenty-eleven times a week
if ya under 18, mom and dad put your kids to sleep
she couldn't wait to lick it and i couldn't wait to stick it
and every time i break it, it would take a whole day to
fix it

she said: "listen to me baby, i know one day you go up
& leave"
she know i'm a virgo and i'm impossible to please
look into my eyes, turned around got on her knees
she said: "i know you a cheater, but boy before you
leave"

fuck my brains out, babaayyyy x4

fuck my brains out

yeeaaaahhhh

she's screamin' "love me baby"
-fuck my brains out-

here's a little somethin' about my ex's, she thought she
was a super freak
until i sucked that little body and left her layin' in the
sheets
i got ya talkin' with my tounge, til' she couldn't speak
the sweets to her sugar's low, chillin' weak

-it's all about you baby!-
she said: "let's shoot video pictures" so she don't
forget it
then she start cryin', look right in the camera
the mascara's runnin', said "baby what's the matter?"

she said: "listen to me baby, i know one day you go up
& leave"
she know i'm a virgo and i'm impossible to please
look into my eyes, turned around got on her knees

she said: "i know you a cheater, but boy before you
leave"

fuck my brains out, babaayyyy x4

i know, i know, i know you do love me baby

i know, i know, i know it, yeah

i know, i know, i know you want it baby-

say it first, i know i'll be right there (?)

she said

"take my only heart, do me one more time before the
world (ends?)

i'll always miss..that kiss"

our lover's delight!
