Allow me to re-introduce myself  
{I got a surprise for ya'll}  
It's the American Dream from the A...  
I'm with my big homie Kellz

Well, shawty listen. It's the remix  
No other than, your boyfriend, Kellz  
And we roll up to the club like "aye"  
And we all up in the club like "aye"  
Tell security to move the ropes back  
Let the chicks in, we in the VIP poppin' bottles.  
Man I'm off that patron, clownin and carryin on  
I'm so drunk that ugly girls look like supermodels  
However I'm in the building, and I'm ballin how a baller  
do  
So many honeys in the building, ya'll know I'm playin it  
like a player do  
I walk up to one girl, and she's got her friend with her  
Peppin to a real... baby I'm a go getta  
The girl I meet got a nice booty
