i, i know that you've been rollin that back for me
yes, she spoils me like im a baby
and she holds nothing back from me
Saturday nights, im her baby

she's pushing her body like a clock
making that tick go tock (yep)
she twist it, swirl it, down to the ground
and she doin it all night long for the boy

she do it nice and low
but just for the boy
two free songs
but just for the boy

i call her boomerang
when she doing her thang
she throw it, then she bring it right back, back
its just her and patron, all night long
but just for the boy

i get tipper love
I done spent so much, that the girls just show me love
now
she show me tipper love
I done spent so much that i don't even pull out dubs
now
she show me tipper love
i ain't saying I'm a freak, but i gotta see her face
once a week now
she show me tipper love
Yeah she dont mind, even if i come thru at peak time
she give me tipper love
she give me tipper love

soon as i walk up in this (motha, motha)
you already know that im the (motha, motha)

im looking at her booty like (motha, motha)
them haters lookin at me like, you (motha, fucka)

she's pushing her little body like a clock
making that tick go tock (yep)
she twist it, swirl it, down to the ground
and she doin it all for the boy

she do it nice and low
but just for the boy
she give me two free songs
but just for the boy

i call her boomerang
when she doing her thang
she throw it, then she bring it right back, back
her and patron, all night long
