You wanna tell 'em how bad I hurt you, yeah I know
You wanna tell them how I mistreated your love,
Well here we go
I'll tell them about all the lies
I'll tell them how harsh I am, and that's why you cry
I said I would never leave no matter what,
And here I am leaving no matter what
You know I have tender tendencies
You know about all this shit daily
You know after my charm, my tendencies go off like
alarms
And baby I know, baby I know, I know, I know, I know,
baby I know
Listen baby I know, baby I know, I know, I know, baby I
know

So I'll sing this song for you
La-da-da-da-da
I'll sing this song for you
La-da-da-da-da
I'm asking what to do since I made your heart all blue
She said sing this song for me about you
I'll tell them how impatient I am
I'll tell them how self-centered I am
I won't hide a thing
I'll tell them bout these secrets I've had
I'll tell them about my insecurities
You know, I have tender tendencies
You know I battle this shit daily
You know after my bullshit and charm these tendencies
go off like alarms
And baby I know, baby I know, I know, I know, I know,
baby I know
Baby I know, baby I know, I know, I know, I know, baby I
know

Baby I go off like alarms
My tendencies go off like alarms, baby
So allow me to sing this song for you'
La-da-da-da-da
I'll sing your song for you

Baby La-da-da-da-da
So I'm asking what to do since I made your heart all
blue
She said sing this song for me about you
baby I know
(you know I can't stand it)
I know, I know, I know
(Don't you dare leave me here)
please baby pick up the á¹—hone
You just left and you already miss
Here all alone in this room and there's no sign of you
Just me and your perfume, lingering in my doom
