there's something that i wanna say
but part of me don't really wanna ask
we been getting along so fine
the questions tormenting my mind
i may not like the answer you give back
forever will you like me, i suffer a bad breakup
cause we're caught up in what might be
or will we know how to makeup?
last time our signals weren't on deck
showed no signs no respect
spent the whole summer being put in check
