This is me  
This is me  
This is me

She stole your heart  
Only did it because she could  
Chewed you up and swapped you around  
That girl never was no good

Baby, I will never do that  
I'll love you faithfully  
But your suspicious mind thinks  
I'm gonna repeat her story

She's making you crazy, making you a wreck  
Making you follow me, making me a suspect  
You seem to think I'm playing her game  
Don't you know her name

That was her, this is me  
We're as different as can be  
She and I are nothing alike  
You confusing day with night

That was then, this is now  
You wanna trust me but you don't know how  
I'm never gonna mess around, set you down, can't you  
see  
That was her and baby this is me

Stop making me feel bad  
I'm the best thing you ever had  
The only thing I'm guilty of  
Is giving you too much love

She's making you crazy, making you a wreck  
Making you follow me, making me a suspect  
You seem to think I'm playing her game  
Don't you know, don't you know my name

That was her, this is me  
We're as different as can be

She and I are nothing alike  
You confusing day with night

That was then, this is now  
You wanna trust me but you don't know how  
I'm never gonna mess around, set you down, can't you  
see  
That was her and baby this is me

Don't suffocate me, give me some space  
Don't make me pay for all her mistakes  
Believe in the love that's in my kiss  
Don't say things that don't exist

That was her, this is me  
We're as different as can be  
She and I are nothing alike  
You confusing day with night

That was then, this is now  
You wanna trust me but you don't know how  
I'm never gonna mess around, set you down, can't you  
see  
That was her and baby this is me

That was her, this is me  
We're as different as can be  
She and I are nothing alike  
You confusing day with night

That was then, this is now  
You wanna trust me but you don't know how  
I'm never gonna mess around, set you down, can't you  
see  
That was her and baby this is me
