Bought some fruit loops with my friends today
It's been ten years I got an x-ray
And we gonna make you want to see
Everybody just stare at your feet
Bought some fruit loops with my friends today
It's been ten years I got an x-ray
And we gonna make you want to see
You just have to see us CRUNCH THAT

I bought a pack of cereal with my friend
The other day it was really healthy and it
Tasted like hey I'm never gonna buy that cereal again
I bet it was from 2010
I want the colours just like the rainbow in a cereal

I'm gonna buy a panda and make it my pet name it
amanda never take it to the
Vet it's gonna buy me cereal when ever I wanna
Cause I'm really lazy just like madona
Fruit loops really touched my life I took one bite and I
got a wife
I'm gonna draw a picture of my favorite person ever
can you guess who it is

Bought some fruit loops with my friends today
It's been ten years I got an x-ray
And we gonna make you want to see
Everybody just stare at your feet
Bought some fruit loops with my friends today
It's been ten years I got an x-ray
And we gonna make you want to see
You just have to see us EVERYDAY I'm CRUNCHEN
LOOPS
