Like a wave
You wipe out
All my saddest dreams and you
You could be
Everything
When everything will end
Where are you?
I am here
I'm waiting for your smile
Where are you
Remember that
I'll be forever there with you

And I walk on the ruins
Of my broken dreams
Where you perfume was so sweet
And it caressed my slow breath
Do you remember all that days
When we spoke about the future
And I remember
Some simple looks
That used to cover me in the night

Take my love
And fly inside my hearth
Now
Cause I love you
I need you in my life
And cause you're my star
That lights up all my dark days
And when I see your eyes
My empty cry
Is shining all for you

Like a bird
You fly away
To the sky far from me
And I feel so
Sad and empty
Without your person
Where are you?
You're perfect so

You're my life my never falling star
Where are you?
Remember that
I'll be forever there with you

Take my love
And fly inside my hearth
Now
Cause I love you
I need you in my life
And cuase you0re my star
That lights up all my dark days
And when I see your eyes
My empty cry
Is shining all for you
