drinks

let's grab our beers
and get the fuck out of here
there's more fires to be seen, burning else where
and in the heat of the night,
it all felt right.

What's her name
her names not important right now
but how ever your name is
let's grab our beers
and get the fuck out of here
there's more fires to be seen, burning else where
and in the heat of the night,
it all felt right.

Lets grab our beers
lets get the fuck out of here
there's only embers remaining here
