I toked up this morning
and I thought to myself
that I'm not who I should be anymore
a stranger to the person in this mirror
oh how the fuck did I ever wind up here

I keep toking til I disappear
and what I mean is that it's really hot boxed here
it's kind of funny cause I cannot feel
cause I smoked so much we I forgot what's real

I'm not who I should be

so cast me out to sea
set my body a drift, set my body ablaze
send me on my way
I'm coming home to see you now
it's been so long I fear I'm falling out
out of time, out of reach

I can't sleep and I can't eat
without you here with me

I miss you with every ounce of energy I can spare
I'm holding on for you I swear
(I can't sleep, I can't eat, til I hear your voice)
and this dichotomy is killing me

these dreams
of you are killing me

This funky house of doom is everything to me
