I ask myself how much more will it take
Before you realize
That he's no good for you
You're wasting your time with this guy
He doesn't deserve you
You know he's never gonna change
He's taking advantage of your love
Playing silly games
And it's so clear to see
He's there but he shouldn't be
No more, no more!

No more sleepless nights
Will you see, so get ready
No more sleepless nights
Will you see, you can rest easy baby
No more sleepless nights
Will you see, now that you got me to love you
No more sleepless nights
No more, no more!

Stop feeling sorry for yourself
Cause you know you can do better
Let me chase your sadness away
There's greater storms I have weathered
I'm here my dear to give you
The love you feel you need
So tell me what are you waiting for
Don't you feel you deserve so much more
Then what he gives
I know that leaving it's not easy
But with me there's gonna to be!

No more sleepless nights
Will you see, are you ready baby
No more sleepless nights
Will you see, you can rest easy baby
No more sleepless nights
Will you see, now that you got someone to love you
No more sleepless nights
No more!

No one deserves to be treated so bad
And no one, no one deserves to make you feel, so sad
Let me mend your broken heart
Come on and rest in my arms
I will be there for you, to give you the love you need
They'll be no more

No more sleepless nights
Girl I wish you were mine
Stop wasting your time - they'll be no more
No more sleepless nights
Don't worry about being alone
My house can be your home - they'll be no more
No more sleepless nights
Let me make you aware
That he can't compare to me - they'll be no more
No more sleepless nights
And it's clear to see
He's there but it should be me - they'll be no more
No more sleepless nights
You don't have to suffer
No more, no more - they'll be no more
