I want you to know  
Yes, I want you to know

I didn't ask for the world  
Because I knew you couldn't deliver  
I didn't ask for the stars in the sky  
And I didn't wanna make you lie

I never wanted to lie or cheat  
The one promise you made to me  
I shouldn't have lied  
We made a vow and if it is broken  
This love affair would have to cease

You see a promise is a promise  
No matter how big or small  
That's why I ask you don't promise me  
If you wasn't gonna come if I call

I never wanted to lie or cheat  
The one promise you made to me  
I shouldn't have lied  
We made a vow and if it is broken  
This love affair would have to cease

SAX SOLO

I never wanted to lie or cheat  
The one promise you made to me  
I shouldn't have lied  
We made a vow and if it is broken  
This love affair would have to cease

Maybe you didn't take our love too serious  
Your promise was a lie  
And that ain't right for love  
Now all that's left, is your pain you put me  
through  
So let's get right to the point and girl if  
I'm wrong  
Our lives wouldn't belong; I think I need some  
time

There's no way we can save this love  
Baby its over  
I never should have lied to you  
Oh, yes it is

I never wanted to lie or cheat  
The one promise you made to me  
You shouldn't have lied  
You had to break it, I just can't take it  
I don't wanna hear nothing else  
I just wanna be by myself

Oh baby, oh baby why, and I wanna know baby  
Oh baby, oh baby why, why you had to lie  
Oh baby, oh baby why, you messed it all up for us, tell  
me  
Oh baby, oh baby why, why you had to lie  
Oh baby, oh baby why  
Tell me why, tell me why, tell me why, tell me  
why  
Why did you have to lie  
Oh baby, oh baby why
