In the clear of the day every evening he calls  
for a love from above carefully  
watch for a reason mistaking devotion and love  
isolation, isolation, isolation, isolation  
surrender to self preservation and brothers  
who care for themselves as long as it touches  
perfection  
a person is like everything else  
isolation, isolation, isolation, isolation  
mother I tried to believe me I'm doing the best I can

I'm ashamed of the things I've been put through  
I'm ashamed of the person I am  
isolation, isolation, isolation, isolation  
but if you could just see the beauty  
whose face I could never describe  
who's playing the game to distraction  
isn't my heart for a prize?  
isolation, isolation, isolation, isolation
