### "Your Dream"

Been down to the bottom  
Can't get any lower  
All up on the downside  
Sinking like the water  
Comin' down the alleyway  
Shooting idiots as we play  
Listening to music  
All damn day

Are you fucked up?  
Serious questions never promised  
Is your bottom up?  
Serious questions never answered  
Your dream is a crappy one

Shoot the runner  
Comin back  
Fight this feeling  
Into the darkness  
We play our games  
Are you fucked up?  
Serious questions never promised  
Is your bottom up?  
Serious questions never answered  
Your dream is a crappy one
