Well I know that everything's alright  
When she's with me tonight  
Me and my girl, we're the modern day Bonnie and Clyde  
Oh it's just the two of us  
Sitting around we like to talk about  
Getting married one day  
Kids runnin' around  
I never knew, pains me to see  
That all this time I've been sleeping with the enemy

It was me and my girl  
(It was me and my girl)  
It was me and my girl  
(It was me and my girl)

Now things are all fucked up  
Instead of kissing her lips I wanna staple them shut  
Me and my girl are done cuz nobody tried  
Oh it's just the two of us  
Sitting around we liked to fight about  
All these things, we could've done without it  
And now I know, it pains me to see  
That all this time I've been sleeping with the enemy

It was me and my girl  
(It was me and my girl)  
It was just me and my girl  
(It was just me and my girl)

Now I know  
Now I see  
All this time I've been sleeping with the enemy

It was me and me and my girl

The more that we struggle  
The harder it seems  
Fix what was broken  
And live out our dreams

It's just the two of us

It's just me and my girl  
Just me and my girl  
It's just me and my girl  
It's just the two of us  
Just the two of us  
And that's the way it was  
It's just me and my girl  
Just me and my girl  
It's just me and my girl  
And now it ain't the two of us  
The two of us  
And now it ain't the two of us

It was me and my girl  
(It was me and my girl)  
It was me and my girl  
(It was just me and my girl)

Now I'm caught, it's better for me  
All this time she was sleeping with the enemy  
It was me and my girl  
It wasn't meant to be  
It was me and my girl  
She was never meant for me  
It was me and my girl  
Was never meant to be  
It was me and my girl  
She was never meant for me  
It was me and my girl  
And that's the way it was
