Such a beautiful face  
Such a beautiful waste I say  
Just when you think I'm lost you found your way  
That little angel on my shoulder says  
Not to do those things you did  
That little angel on my shoulder screams  
"I think I lost my way"

So take your thoughts and run away  
From a god who ain't much of a know-it-all  
So follow me and hold your breath again till I say when  
Did I say when?

Such a beautiful land  
Such a beautiful sin I say  
(A sinner say)  
Just when you pull me in I push away  
(I push away)  
That little devil on my shoulder says  
I'll make you do those things you did  
That little devil on my shoulder screams  
"I think you found your way"  
So take your thoughts and run away  
From a god who ain't much of a know-it-all  
So follow me and hold your breath again till I say when  
Did I say when?

There's no way out for you  
But you can follow me, just follow me down  
There's no way out for you  
So just follow me, just follow me down

Your god ain't much of a know-it-all  
Your god ain't much of a know-it-all  
Your god ain't much of a know-it-all  
Your god ain't much of a  
No, he's nothing at all

There's no way out for you  
But you can follow me, just follow me down  
There's no way out for you  
So just follow me, just follow me down

There's no way out for you
