And when we left did you find out who you are?
Or did you try to cover up all of the things that she
said?
-just sweep them under the rug
'Cause she was so far gone by then-
But she was burning in the back of your mind.
And I know it was so hard to find a reason to believe
her-
Or even leave it all behind.
But, don't forget that we all break down sometimes.
And when you'd tell me "Well, I feel like I'm running out
of time"
Well, I'd lie through these teet of mine.

I just wish I had the chance to get to know you a little bit
more
Before that Thursday turned around.

Abrupt ringing in Park Street
And with those three words I knew it was true.

'Cause she was so far gone by then
And I know it was so hard to find a reason to believe
her-
Or even leave it all behind.
But I guess we all break down sometimes.
