You are the dust before it rains  
You were the precursor to all these thoughts that I'm  
thinking  
No heart, no reason to try and work it out, 'cause what's  
done is done  
"Well I'm over it." - no it's just over your head  
I bet that's what runs through your mind every time you  
see my name on your list  
You're too scared to type, you're too proud to pick up  
your phone  
Well, you're so sad  
And it's too bad because this was the biggest mistake  
that you ever made  
Just believe me when I say you're not worth fighting for  
So I'm letting go this time  
'Cause there are so many things I'd like to say to you  
Like step out of the cave and into the light  
Feel what it's like to hold some kind of feeling  
Stop being such a "realist" for just five minutes please  
'Cause all I need is just a little of your time  
You pretty boy, your not worth fighting for
