Take a breath and hold it deep
As I'm drifting off to sleep
Thinking of the ocean

And thinking of those better days
When we had a chance to say
I am leaving this commotion

Why did you take this from me?
I can't see any point to awakening
Why did you pack up and leave?
As I lay here wasting

Hold a breath until it's gone
I really haven't got that long
Until I must be moving on

And isn't this a goddamn shame
Thinking of those better days
I will never be the same

Why did you take this from me?
I can't see any point to awakening
Why did you pack up and leave?
As I lay here wasting time

Why, did, you, take this from...
I can't see any point to awakening
Why, did, you, pack up and...
Why, did, you, take this from...
As I lay here wasting time
Why, did, you, waste all my time?

Time, take all your time
Take all your time
Take all your time
