I thought I told you not to let all your excuses
Be the crutch you always lean on
When are you gonna stand up on your own?
And as we're walking
I know that it's a long cold road
That we all have to walk down
But I won't let you walk it all alone

So hey boy, where do you think you're going
With that crazy look in your eyes
Don't lie to me
Just promise that you'll tell me everything

I know how hard it is to open up your eyes
Enough to see that there's a problem
We're never letting go of what you fear
Well the time is now
And what better place is there been here
To just start all over again
Don't be afraid to leave your mark
Don't be afraid

So hey girl, where do you think you'll end up
With that needle in your arm
Don't lie to me
Just promise that you'll tell me everything

So hey boy, where do you think you're going
With that crazy look in your eyes
Don't lie to me
Just promise that you'll tell me everything

When I see what you're becoming
It makes me sick
So tell me what am I supposed to do with this
Choice or my free will

So hey girl, where do you think you'll end up
With that needle in your arm
Don't lie to me
Just promise that you'll tell me everything

So hey boy, where do you think you're going
With that crazy look in your eyes
Don't lie to me
Just promise that you'll tell me everything
