Leave well enough alone,  
Fill an empty room  
With empty glasses.  
The chances I've had I have blown  
But there's something left.

Hiding deep inside  
What I've always wanted.  
How helpless I am I have shown  
That I don't know what to do.  
I wanted you.

So in other words  
You're exactly what I've been looking for.  
You were right,  
When you told me I was wrong.  
I guess it doesn't matter now.

Now desperate  
All the comfort I have here is cold.  
I feel like a mess and it shows  
That I'm tired of wasting

What's been deep inside  
But I've kept you waiting.  
How helpless I am I have shown  
That I don't know what to do  
About wanting you.

So in other words,  
You're exactly what I've been looking for.  
It's all right.  
Until all we have is gone,  
Make every second count.  
Stay and watch the lights go out.

One by one  
Until all we have left  
Is our own little world

So in other words,  
You're exactly what I've been looking for.

It's all right.  
Until all we have is gone,  
Make every second count.  
Stay and watch the lights go out.
