My throat's still burning from your last kiss
As your life pours from parted lips
It's the alcohol I miss

It hurts to move.
You can't conceal the truth.
Here's what we'll do,
With what is left of you.

I've silenced your screams
So you no longer appear in my dreams
I only wanted you to stop
I just don't care how far you drop

It's almost done
Your last drop's come and gone
But no, it's not enough
To chase the demons out

I've silenced your screams
So you no longer appear in my dreams
I only wanted you to stop
I just don't care how far we drop

Care... how far... we drop...
