The music awakes, my ears rotate
The music awaking, I'm one person thinking that

My words evaporate
My words evaporate
Evaporate, evaporate
My words

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire

I'm in the fire, fire, fire

This is a world attack
This is a sound attack
This is a word attack
This is a mind attack

This is a world attack

My words evaporate
My words evaporate
Evaporate, evaporate
My words

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire

I'm in the fire, fire, fire

My words evaporate
My words evaporate
My words evaporate
My words evaporate

My words evaporate
My words evaporate
My words evaporate
My words evaporate

Evaporate, evaporate
My words evaporate
My words evaporate
My words evaporate

I'm in the fire, fire, fire
I'm in the fire, fire, fire
I'm in the fire, fire, fire
