Let the fire in our hearts decide
What will burn tonight
I swear, I swear

Dream on your swear
It seems like shorter
Truth be told I'm getting older
(look at me)
Look at me from over your shoulder
Hey there, girl
You're getting bolder

Whats with all this talk, of little things
That I bring, to the table
This is what you call, a scandal
If you want this to end
Then answer the questions
Can't let this happen again

Let the fire in our hearts decide
What will burn tonight
I swear, I swear, I swear

So caught up in the weather
I better surrender
With all this love, let it
wasted offer of this ending

Stop this, can't you see
Everything you're doing to me
Go ahead, and this will
End like every other time you tried
Go ahead, and this will
stop

If you want this to end
Then answer the questions
Can't let this happen again, again

Let the fire in our hearts decide
What will burn tonight
I swear, I swear

So caught up in the weather
I better surrender, surrender

Will this love be
way to brighten up this ending

Let the fire in our hearts decide
What will burn tonight
I swear, I swear

So caught up in the weather
I better surrender

So caught up in the weather
I better surrender
I swear, I swear, I surrender
