(Verse 1)

Did it hurt when you fell from heaven?
'Cause girl you're a freaking angel!
Without you this world is hell
I can't make it by myself
Can I take you on a date?
I'll pick you up at quarter till 8
I'll take you to the most fanciest place
'Cause baby I'll do whatever it takes

And if I'm lucky you'll be at my place
All night and everyday
And when you think about running away
Listen closely to what I say

(Chorus)

I've been running!
I've been running!
Like an animal in this town!

And I've been trying!
I've been trying!
To turn that frown upside down!

We scream, We swoon
How dumb can we get?

We scream, We swoon
How dumb can we get?

(Verse 2)

Did it hurt when I broke your heart?
I'm sorry girl but we're better apart
I'll set the sky on fire

To watch your city burn

This is not who I am
This is who I've become
This is not who I am
This is who I've become

(Chorus)
And I've been running!
I've been running!
Like an animal in this town!

And I've been trying!
I've been trying!
To turn that frown upside down!

HELL YEAH!

(Verse 3)

O' Brother!
O' God!
This is not who I am

I'll set the sky on fire
To watch your city burn

This is not who you are
This is what you've become
You were just a dance floor tragedy!

(Chorus)
I've been running!
I've been running!
Like an animal in this town!

And I've been trying!
I've been trying!
To turn that frown upside down!

We scream, We swoon
How dumb can we
