Dee Dee and Dexter  
Don't need no superpowers  
They've got Mom and Dad  
And Dexter's lab  
To keep them occupied  
Ah-ah

Dee Dee bugs Dexter  
And it's hard to get his way  
He's got a giant mind  
But still he finds  
His best plans go astray  
Ah-ah

Dee Dee and Dexter  
So right on  
Dee Dee and Dexter  
Your favorite one  
Dee Dee and Dexter  
It's coming on

You know that Dexter  
Can make things grow big or small  
From hovercrafts  
To clones that laugh  
To robots twelve feet tall  
Ah-ah

Dee Dee and Dexter  
So right on  
Dee Dee and Dexter  
Your favorite one  
Dee Dee and Dexter  
It's coming on
