2, 4, 6, 8

Even numbers, even numbers

Every other number is an even number

2, 4, 6, 8

Who do we appreciate?

10, 12, 14, 16

Skip all the numbers in between

Skip all the numbers that are not even

Leave out the odd ones

Leave out the odd, you're left with the even

Skip all the odd ones

Skip the first number and the second one's even

Skip the third and the next one's even as well

Skip the next, take the next, skip the next

Take, skip, take

You like French fries

But you don't like French fries

You've got socks on

But you don't have socks on

You're a girl but you're a boy

Girl, boy, girl

16, 14, 12, 10

Skip our way back down again

8, 6, 4, 2

You, but not you, but you

Yes, no, yes, no, yes, no, yes, no, red, green

Red, green, red, green, red

She loves me, she loves me not, she loves me

She loves me not, she
