Fake believe, fake believe, fake believe  
Fake believe, fake believe, fake believe  
Fake believe, fake believe, fake believe  
F is for fake believe

F is for fun, F is for fun  
F is for fake believe

My space helmet's on  
I'm climbin' in my rocket  
To Mars and beyond  
And nothin's gonna stop me

I'm here on the launch pad  
Just waitin' for the big countdown  
(4, 3, 2, 1 blast off)

F is for fun, F is for fun  
F is for fake believe

I'm scratchin' my thorax  
And wavin' my antennas  
I'm here on my ant hill  
Just hangin' with my ant friends

I've got my big crumb  
About 30 times my weight  
(It's not a problem, ants are strong)

F is for fun, F is for fun  
F is for fake believe

Fake believe, fake believe, fake believe  
Fake believe, fake believe, fake believe  
Fake believe, fake believe, fake believe  
F is for fake believe
