Now I know just what to do  
Feign amnesia  
How I wish it wasn't true  
Wish it wasn't true right now

Not much quiet about reinvention  
Why half-settle for stuff that is half-new?  
Like a volume beyond comprehension  
If the bass won't get you  
The treble will get you

I'll look busy just for you  
And feign amnesia  
How I wish it wasn't true  
Wish it wasn't true right now  
Wish it wasn't true right now

Hers are the brains  
Floating on an upstream train  
Hers are the brains  
Barbarians and seeds the lost and the remains

We were standing outside the Sidewalk  
With that crazy guy dancing behind us  
With our forced smiles and all of the laughing  
Then my sister lied, didn't need that ride

Now I know just what to do  
Feign amnesia  
How I wish it wasn't true  
Wish it wasn't true right now

I'll look busy just for you  
And feign amnesia  
How I wish it wasn't true  
Wish it wasn't true right now  
Wish it wasn't true right now  
Wish it wasn't true right now  
Wish it wasn't true right now
