You to me
Like a magnet to a flame
Like a mirror in the dark
And we're off to a bad start again

Dawn begins
This is what the summer became
Only strangers walking down from the beach
Where did we bury the time?

Fun assassin, killing fun for kicks
Stab me in the front, tell me that I'm jinxed
Fun assassin, take off your disguise
Look me in the eye and lie

Lost in space
Waiting for a bus from this place
And when I get there, I'll just fold up my map
Drop it and never look back

Fun assassin, hijack the parade
Suck out all the air, polish up the cage
Fun assassin, treat me like I'm stone
Push me to the back and moan

Fun assassin, pulling out my hair
Smash out all the lights, kicking out my chair
Fun assassin, take off your disguise
Look me in the eye and lie
