

## **They Might Be Giants "Hall Of Heads"**

Visit "[Hall Of Heads](#)" on MotoLyrics.com

Here in the hall of heads  
You look through the keyhole  
This is the hall of heads  
One step through the doorway  
Roll out that special head  
This is our favorite one  
Please don't try to leave  
Don't leave the hall of heads  
Hide underneath the porch  
Hide down behind the furnace

You can't run away  
Your feet won't let you run  
You can't get away  
You can't really hide  
Once you hear the call  
The song of the hall of heads  
You can't run away  
Your feet won't let you run  
You can't run away  
Out of the hall of heads
